#### §421.215 [Reserved]

## § 421.216 Pretreatment standards for new sources.

Except as provided in 40 CFR 403.7, any new source subject to this subpart which introduces pollutants into a publicly owned treatment works must comply with 40 CFR part 403 and achieve the following pretreatment standards for new sources. The mass of wastewater pollutants in primary molybdenum and rhenium process wastewater introduced into a POTW shall not exceed the following values:

(a) Molybdenum sulfide leachate.

## §421.217 [Reserved]

## Subpart T—Secondary Molybdenum and Vanadium Subcategory

Source:  $50 \ \mathrm{FR} \ 38357$ , Sept.  $20, \ 1985$ , unless otherwise noted.

## § 421.220 Applicability: Description of the secondary molybdenum and vanadium subcategory.

The provisions of this subpart are applicable to discharges resulting from the production of molybdenum or vanadium by secondary molybdenum and vanadium facilities.

### § 421.221 Specialized definitions.

For the purpose of this subpart the general definitions, abbreviations, and methods of analysis set forth in 40 CFR part 401 shall apply to this subpart.

#### § 421.222 Effluent limitations guidelines representing the degree of effluent reduction attainable by the application of the best practicable control technology currently available.

Except as provided in 40 CFR 125.30 through 125.32, any existing point source subject to this subpart shall achieve the following effluent limitations representing the degree of effluent reduction attainable by the application of the best practicable technology currently available:

(a) Leach tailings.

BPT LIMITATIONS FOR THE SECONDARY MOLYBDENUM AND VANADIUM SUBCATEGORY

| Pollutant or pollutant property | Maximum<br>for any 1<br>day   | Maximum<br>for monthly<br>average |
|---------------------------------|---|-----------------------------------|
|                                 | mg/kg (pounds per millior<br>pounds) of technica<br>grade molybdenum plus<br>vanadium plus pure<br>grade molybdenum pro-<br>duced |                                   |
| Arsenic                         | 40.778  | 18.145                            |
